

To: Senator Osten, Representative Walker, Senator Miner, Representative France and members of the Appropriations Committee:

My name is Joseph Naclerio and I receive Community Supports .IHS services from SARAHA Inc.

I am writing to encourage you to increase funding to non-profits like SARAHA Inc. because staff help me by showing me skills, taking me to appointments and shopping. With staff I do artwork and I have good staff. If I did not have supports, I would be lost. I would not be able to do all the things- going shopping, go to doctor appointments, artwork and teaching me skills. Without the funds we would be lost. It's important to have funds.

Thank you for your time and advocating on my behalf.

Joseph Naclerio
